Professor G. E. Moore,  
Harvard University.

My dear Dr. Moore:

You may have heard that owing to the outbreak of feeling against the Germans we are in difficulties in the University of Toronto. I have been doing my best to stem public current but the Governors have granted our Germans leave of absence till the end of the session. One of these is Professor Benzinger. I have so far been unable to arrange an exchange with Harvard, Yale or Chicago.

I have an application from Dr. Isya Joseph, who writes me that he is a graduate of Harvard and that you know his work. In case it should be necessary to get any one for the winter to do some of Dr. Benzinger's work, what would you think of Dr. Joseph as a temporary substitute? If you can let me know at your early convenience I shall be much obliged to you.

With kind regards, I am,

Yours sincerely,

President.
